Full version.Liverpool and Manchester United have failed in their attempts to bring Raheem Sterling to Old Trafford after being told that they will not be able to sign him from Liverpool this summer, according to Sky sources. Sterling is understood to have completed a £49m move to Liverpool from Manchester City last summer, but he has made his intention to stay at Anfield clear. The 20-year-old is not minded to leave the club this summer and has made it clear to Liverpool manager Brendan Rodgers that he has no plans to leave the club. Liverpool had agreed to a deal to bring Sterling to the club in January 2013, but the plan was vetoed by City, and after the transfer window closed in August of that year City were free to make the move. Despite that, Liverpool declined to sanction the deal.Q: Como usar 2 asp.net scripts em um mesmo HTML? Estou precisando executar 2 scripts, mas ele não está executando nenhum.
