Itâ€™s hard to describe, but easy toÂ .Lemon Juice is a powerful,Â .The CW has officially renewed the freshman drama for a second season, Comic-Con International has announced. "'Arrow' is a unique and special show with a loyal and passionate audience," said The CW president Mark Pedowitz. "We look forward to bringing the second season to our fans and are grateful to Greg Berlanti, Marc Guggenheim, Andrew Kreisberg, Wendy Mericle, Andrew Kreisberg, Sarah Schechter, Marc Guggenheim, Brandon Routh, and the entire cast and crew for making our fans fall even more in love with this show." Based on the DC characters, 'Arrow' follows billionaire playboy Oliver Queen (Stephen Amell), who spent five years in Iron Heights Penitentiary for his role in the death of his sister at the hands of a mysterious assailant. Returning home with a mission to right the wrongs done to his family, Oliver must face the emergence of a new threat from his past to battle an enemy whose reach knows no bounds. Oliver will be joined by a new, star-studded lineup of characters, including new additions Renee Montoya (Delaney), Dinah Drake (Juliana Harkavy), Carlos Valdes (Iago), and DC Comics veteran Brandon Routh as Ray Palmer. Montoya plays D.A. Harvey Dent, the assistant district attorney who plans on prosecuting Oliver's sister's killer; he'll be a thorn in the former inmate's side as he attempts to find the criminal. The DC comics fan favorite Brandon Routh is Ray Palmer, who can move things with his mind and can grant Oliver a glimpse into his future. In the season premiere, Oliver will find himself teaming up with Ray, who is seemingly a dead ringer for Green Arrow, as he tries to save his life from an apparently unstoppable corporation.Q: Equation of the tangent line I'm studying vectors, 6d1f23a050
